

Getting Started with Local Content

Publishing student and staff work in Sora

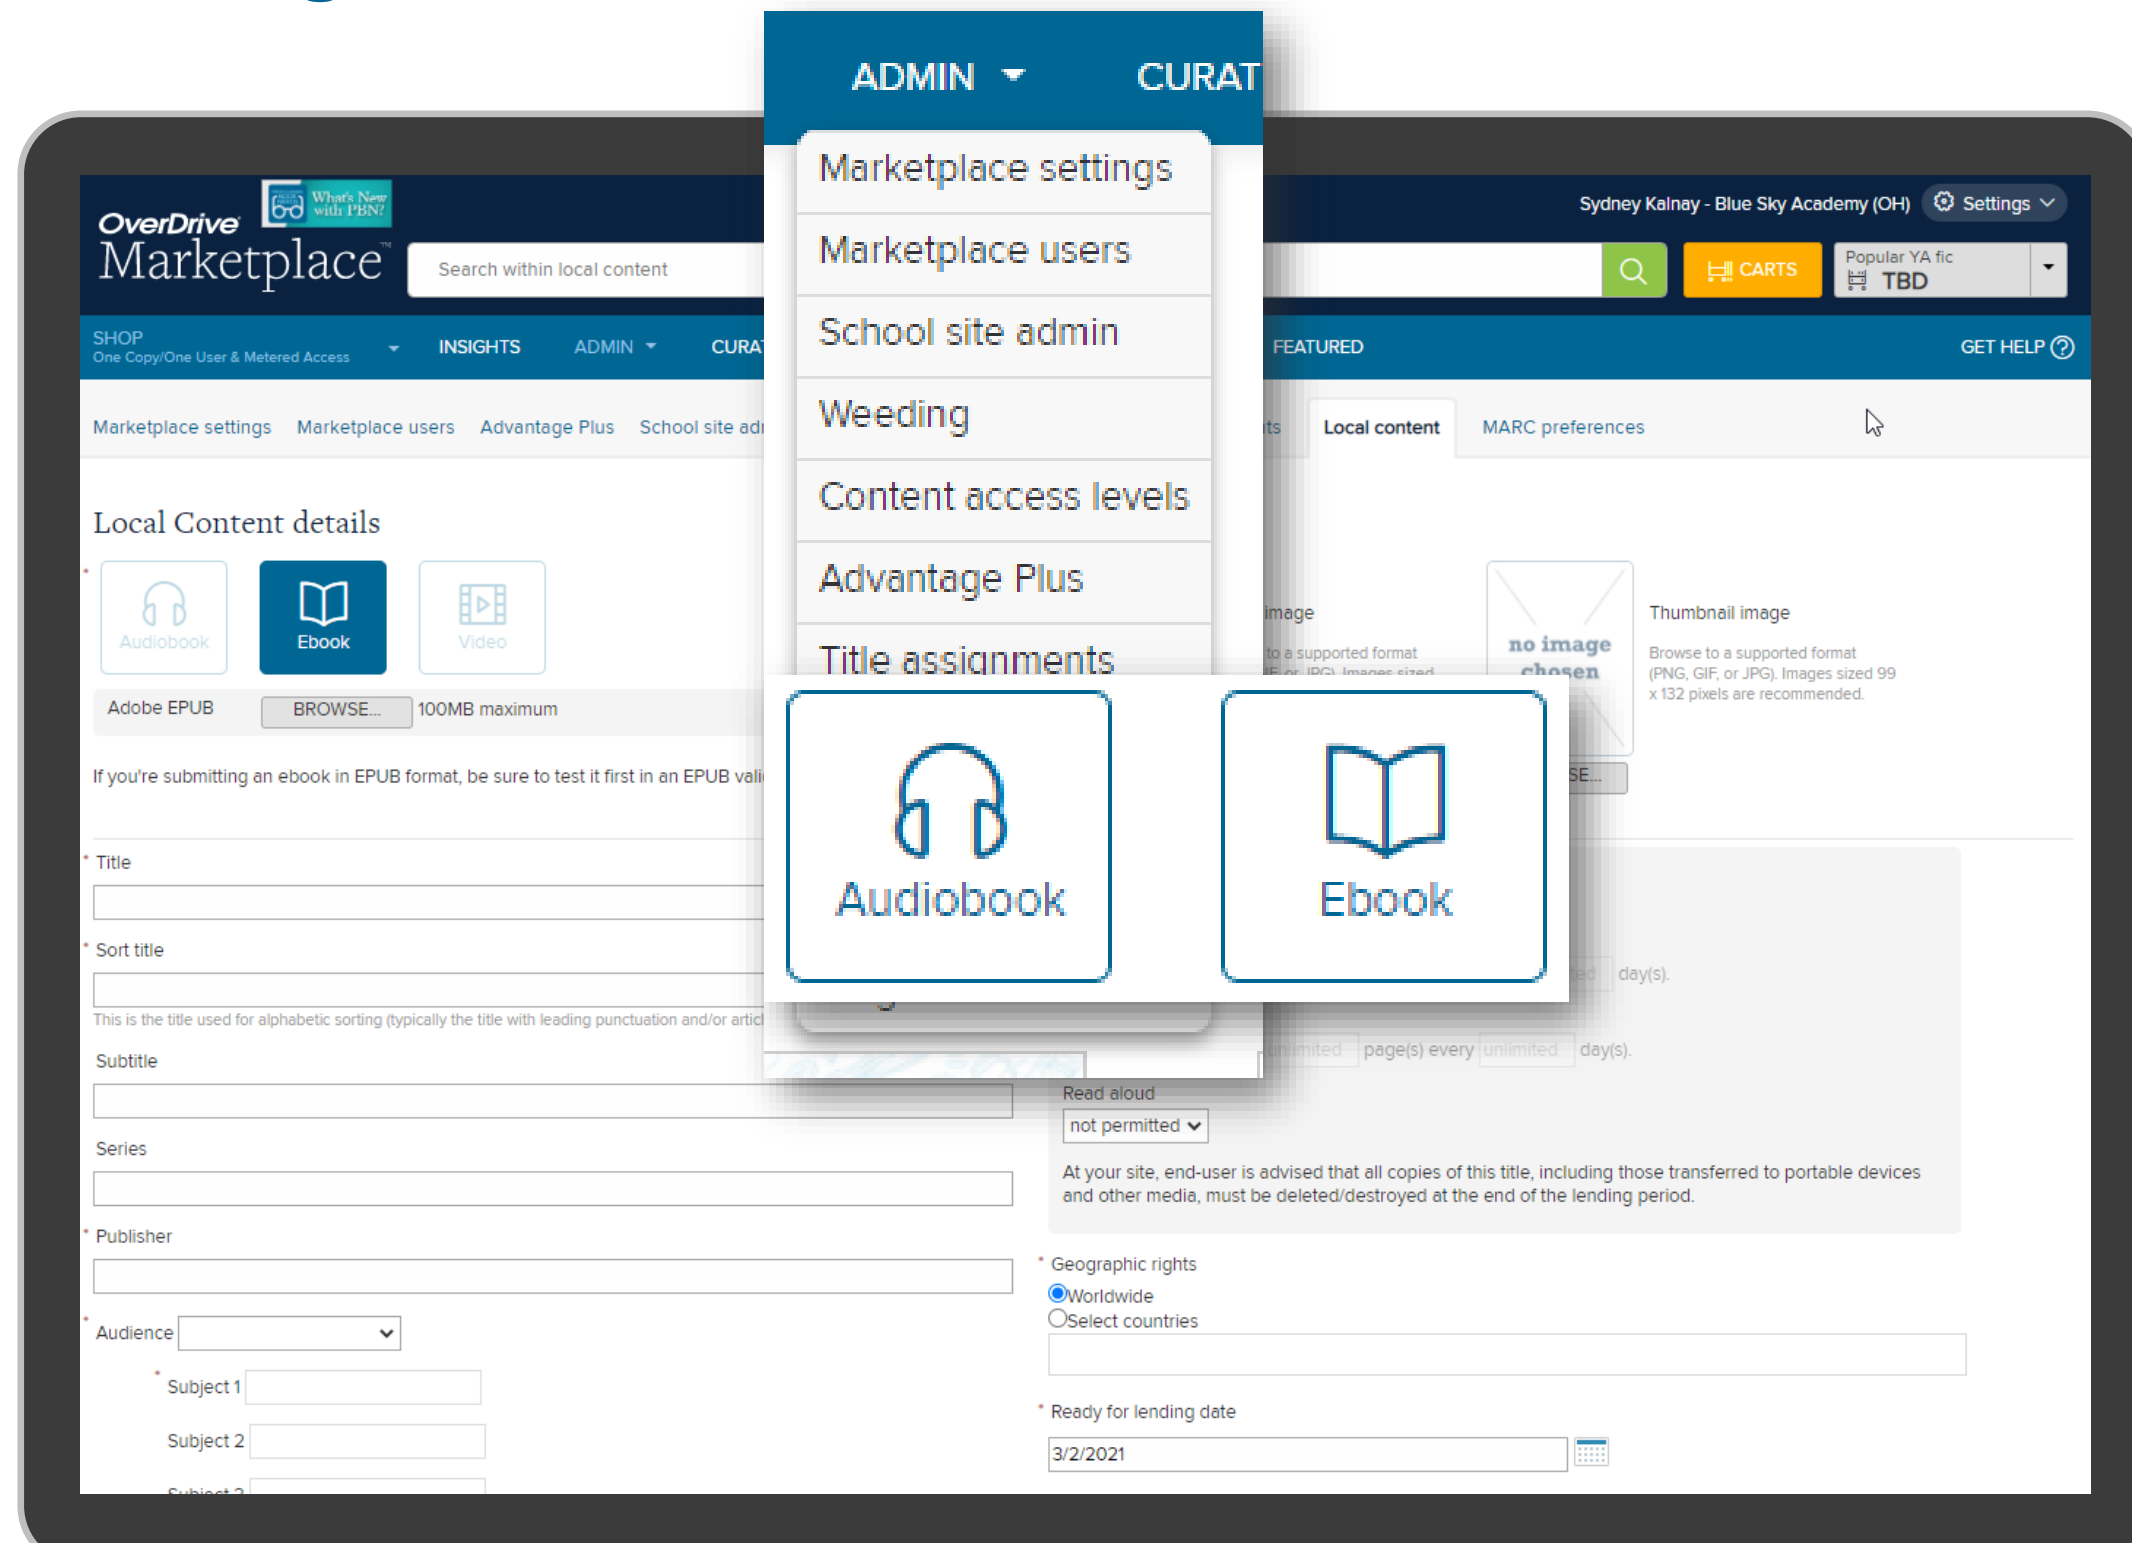

Local Content overview

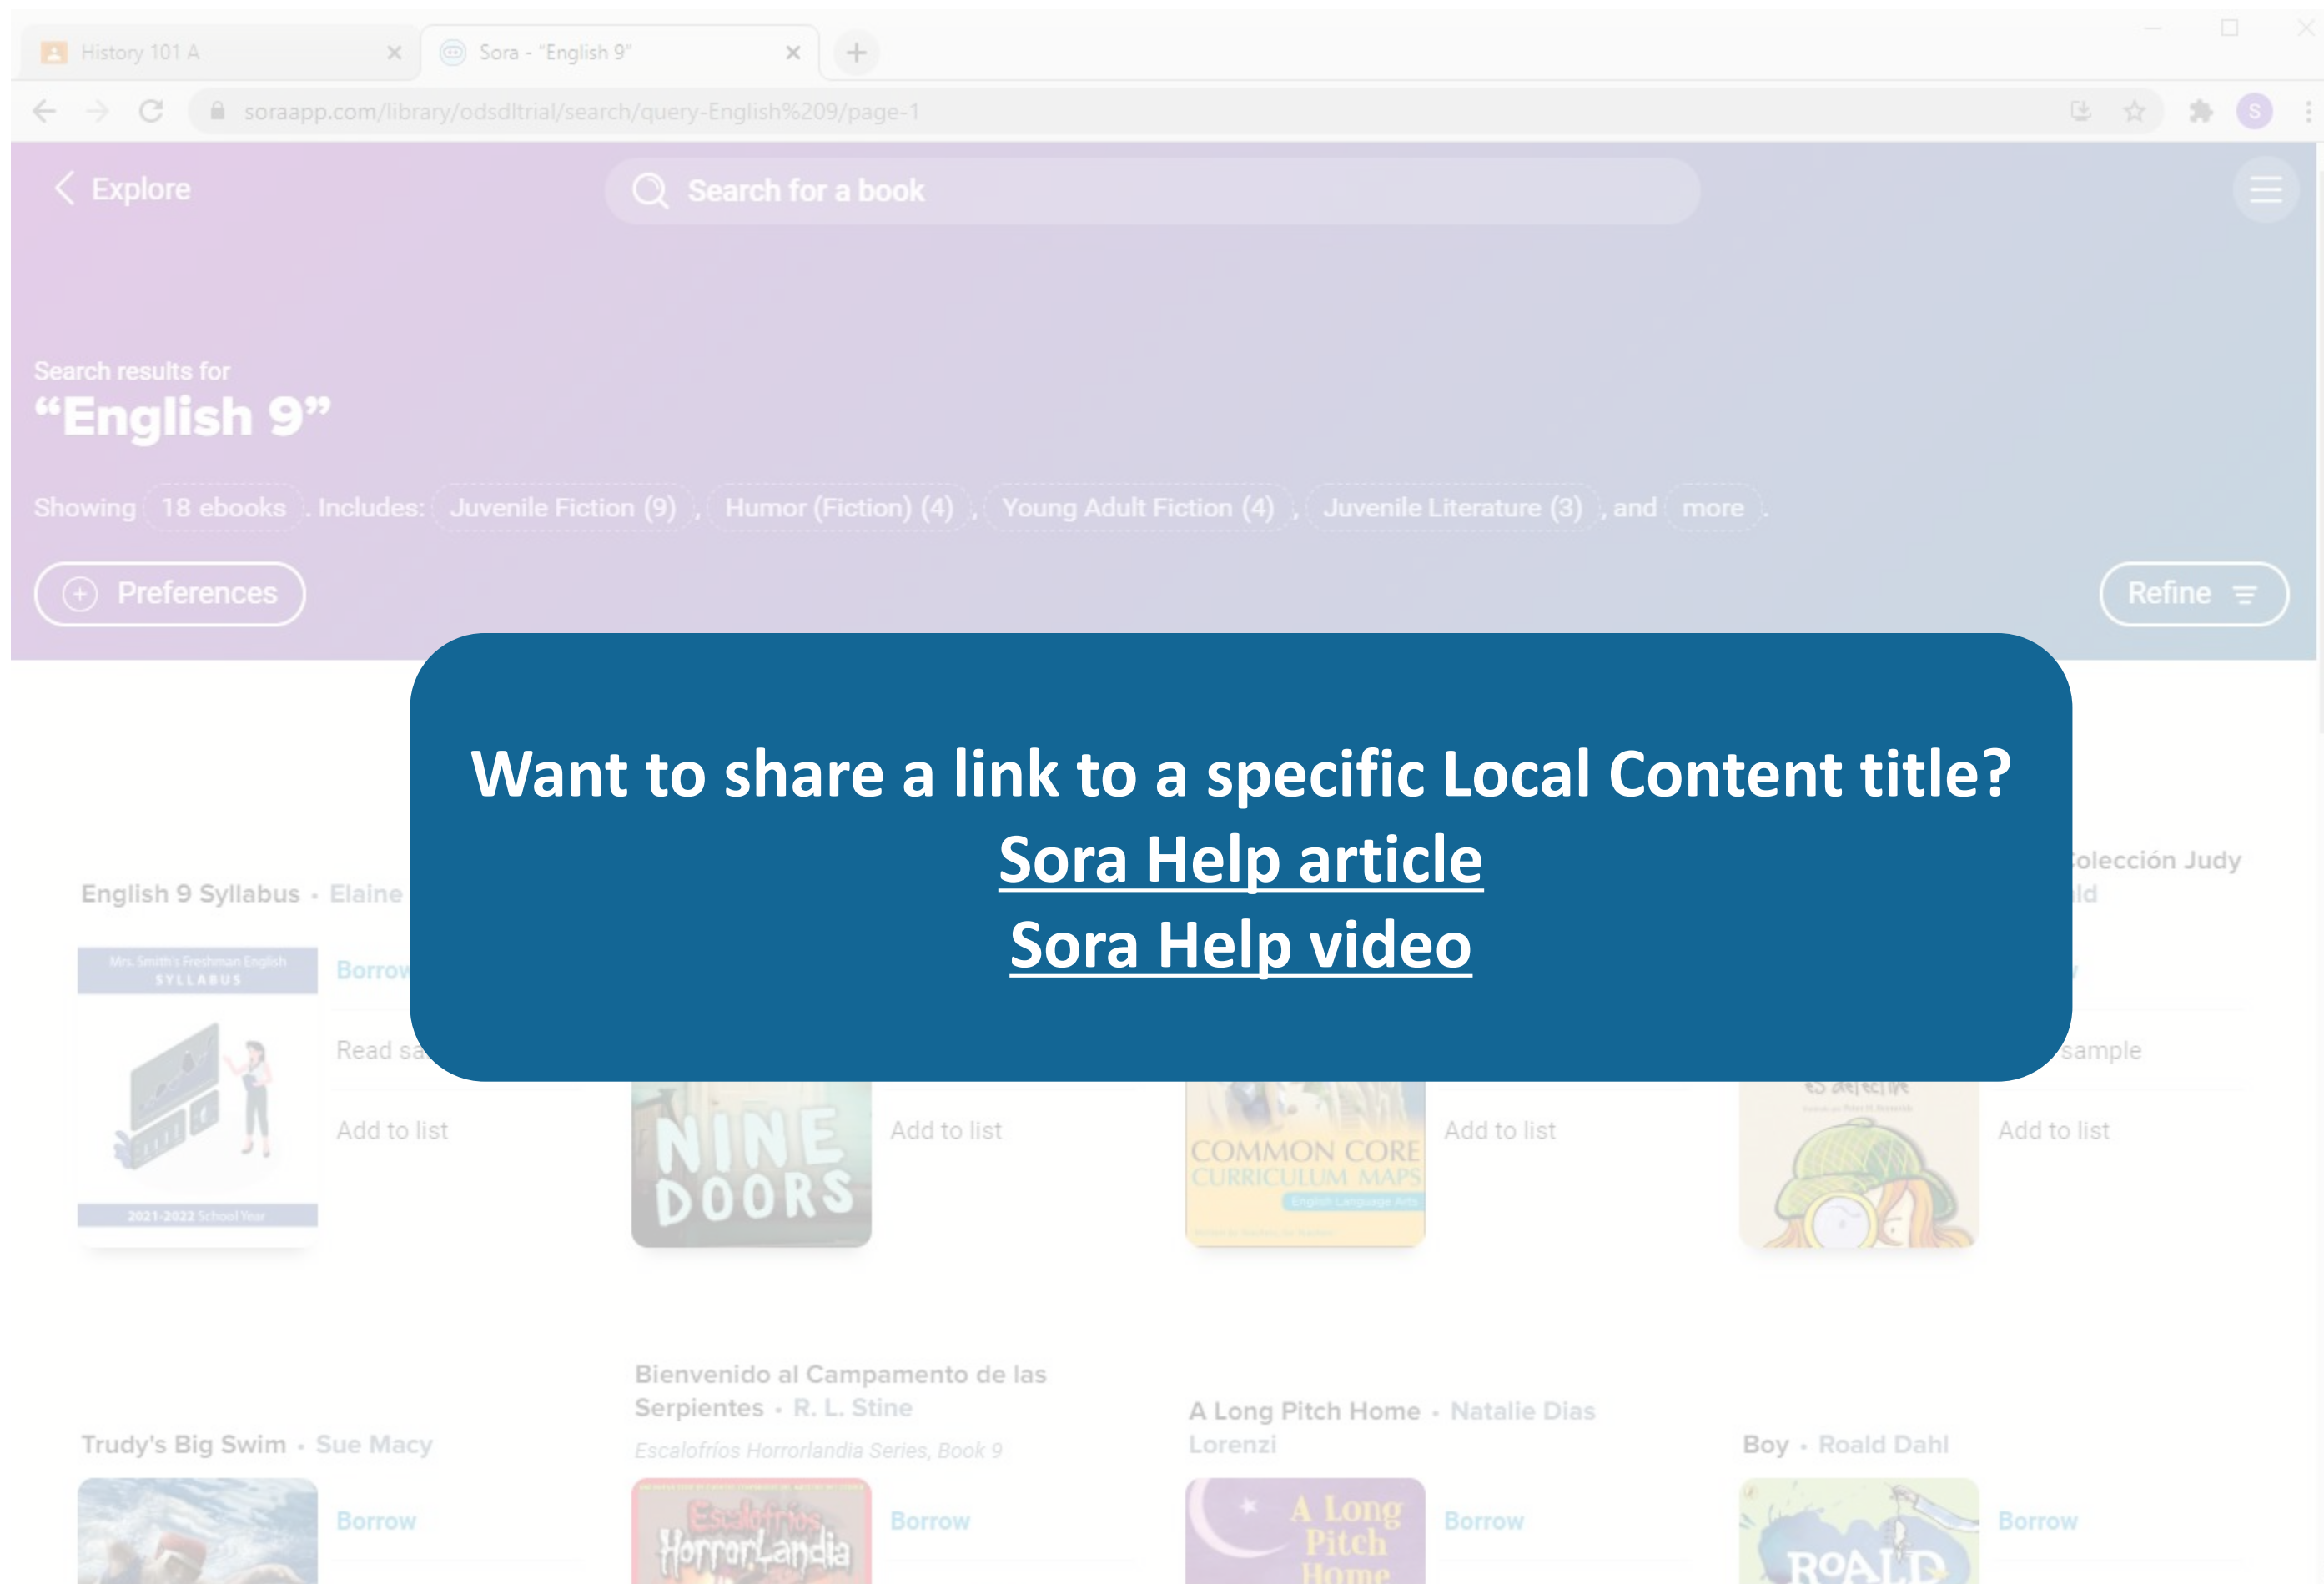

- Local Content is a way to publish your own ebooks and audiobooks for students to borrow in Sora.
- You must have the necessary ownership rights to publish Local Content.
- Titles appear in Sora as a One Copy/One User title at no additional cost.*

**For more information about lending models, such as One Copy/One User, please review our [lending models How-To video series](#) on the Resource Center.*

Getting started

- Marketplace > Admin > Local Content.
- Create or convert a file into the EPUB or MP3 format.
- Required fields for:
 - **Format**
 - **Title**
 - **Publisher**
 - **Languages**
 - **Description**
 - **Geographic rights**
 - **Lending date**
