How

How

Automatically

Manually

Automatically

Weed **expired Metered Access** titles.

- Titles that are **no longer available for purchase.**
- Titles with **0 active holds.**

Plan will run daily and hide eligible titles within 24 hours.

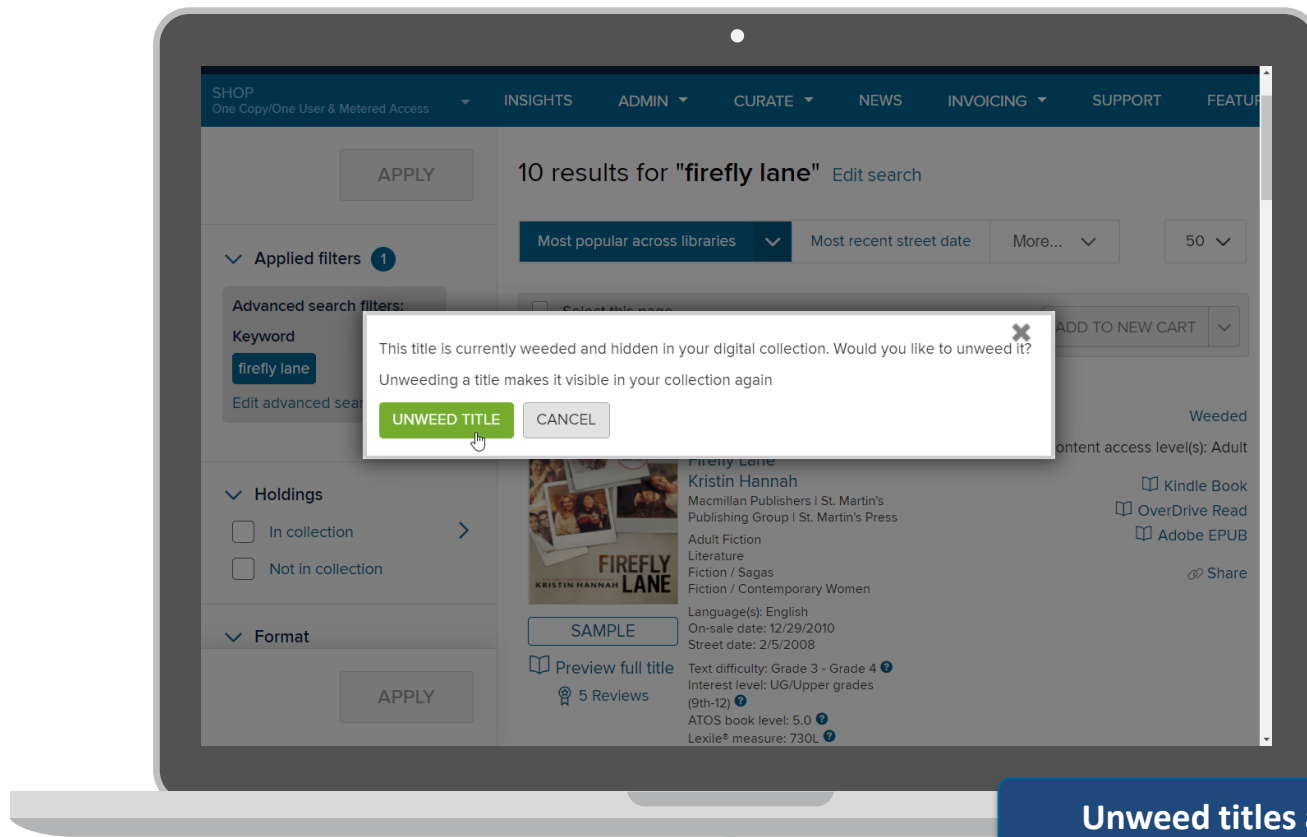

Manually

Weed and **unweed** specific titles.

- Find titles not covered by automatic weeding plan.
- Enter any search criteria.

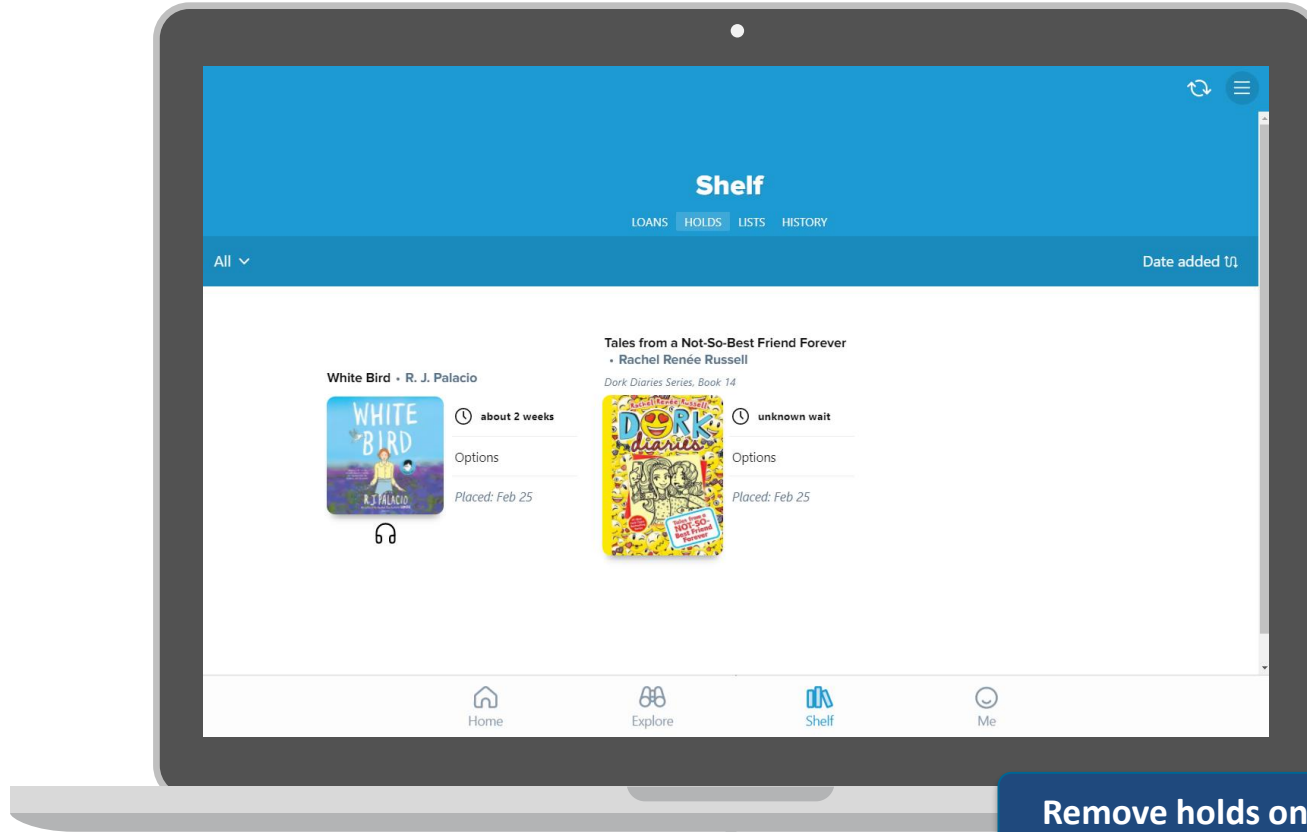

This is one of the best ways to find weeded titles and unweed them.

Best Practices

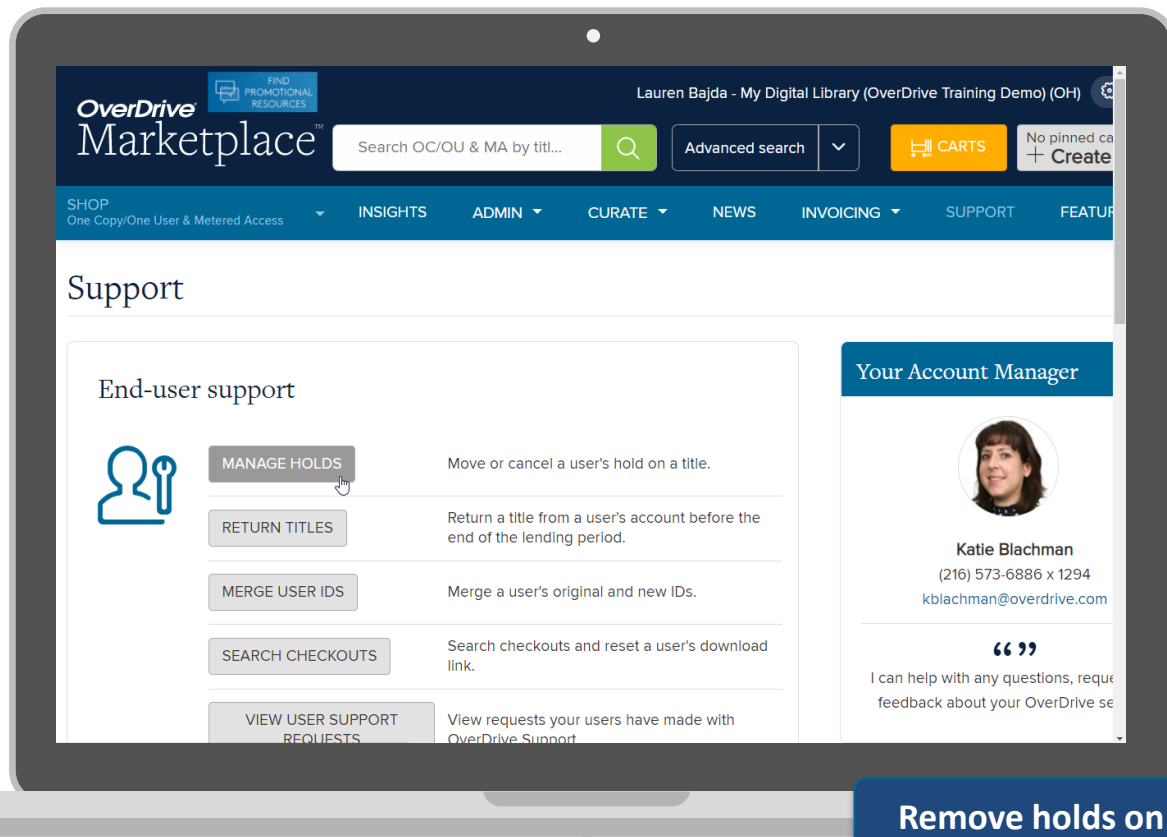

Unweed titles as you shop.

Best Practices

Remove holds on weeded titles.

The screenshot displays the OverDrive Marketplace interface. At the top, there is a filter sidebar with various criteria: Language (All languages), Publishers (All publishers), Format (All formats), Lending model (All lending models), Holdings (Expired), Flag (Any), Date added to site (Inception to 2/24/2021), On sale date (Inception to 2/24/2021), and Street date (Inception to 2/24/2021). Below the filters, a toolbar contains buttons for 'Weed title(s)', 'Flag title(s)', 'Clear flag(s)', '+ Convert to new cart', 'Search again', and 'Create'. The 'Flag title(s)' button is highlighted with a mouse cursor. Below the toolbar, a table lists titles with columns for checkboxes, flags, edit icons, titles, creators, subjects, and languages. The table contains five entries, with the third entry, 'Monkey: Not Ready for Kindergarten' by Marc Brown, selected. The bottom of the interface shows pagination controls indicating 'Page 1 of 1' and a search bar with the number '50'.
