An illustration on the left side of the slide features a stack of three books. The top book has a dark cover with two light-colored stripes. The middle book has a red cover and a yellow spine. The bottom book has a dark cover and a white spine. A pair of round glasses with pink lenses and black frames sits in front of the bottom book. Three yellow plus signs are scattered around the books: one above the top book, one to the left of the middle book, and one to the right of the bottom book. The background includes a faint, watercolor-style map of the United States in shades of purple and pink.
